Despite industry calls over Paradigm's growing influence on Ethereum, Lubin saw Paradigm's new hires as another signal for the blockchain industry's growing mainstream adoption.

In the film, this is an argument based on moral intuition alone, without a principled basis and defended only by tautology. None of the ideas' advocates make the normative case for why code should be law, but there must be an instrumental basis for this philosophy beyond moralism.

“No bad blood, bro. We just had to do it, bro. It was part of the narrative. We had to do it,” added the other dev, who was holding the phone during the incident.
