Bear traps: Shakeouts below support

"Bitcoin was easy because it's the gold standard for crypto," the continued. "We believe Trump coin is undervalued, considering that it's the coin backed by the President of the United States, who is not only popular in the United States but a global figure respected and followed all over the world."

These include conspicuously posted warnings about speculative risk, which direct the user to informational pages and other prompts designed to alert the user and mandated know-your-customer requirements.

But how do you choose the right tool for the job? This article takes a look at the top five Ethereum block explorers of 2025, comparing them based on data depth, features and user experience.

Other users speculated that corporations might create blockchains but then hand the reins to native firms or look to acquire existing blockchains and then scale them up to purpose.

The export controls prompted US President Donald Trump to announce additional 100% tariffs on China, and revealed that China “has a lot more leverage than a lot of the Western commentators are admitting,” Gromen said. He added:
