Beyond these giants, e-commerce platforms like Shopify have democratized the use of digital currency by making it simple for millions of small and medium-sized businesses to include a cryptocurrency checkout option.

Crypto market sentiment has also dropped to its lowest level since April, following Friday's historic sell-off, which resulted in over \$20 billion in liquidations on centralized exchanges.

According to data from Nansen, the price of ETH was \$3,857 at the time of publication, having surged by more than 9% in the previous seven days.

This cycle has also been complicated by the introduction of trade tariffs, which have already trimmed growth in the first half of 2025 and are expected to continue dragging on GDP growth through the first half of 2026.
