That said, Grok 4 is an insights tool, not a safety net. Recent incidents around moderation and response behavior mean you must validate outputs with independent sources. That's why you should ideally treat Grok 4 as a rapid investigator, not as the final arbiter.

A bull trap occurs when the price breaks above resistance, drawing buyers in before reversing lower, leaving late longs caught in losing positions.

Finally, enforce safety and governance. Given moderation issues and risks of single-source reliance, set a hard rule that no Grok-generated signal can directly trigger live trades without external verification. Multiple independent checks should

always precede capital deployment.

Admit it or not, software is deployed by developers and used by communities for certain purposes. And when hackers at cross purposes exploit the software to take things from those communities, some of the victims will appeal to the government for help. And sometimes those governments will respond by sending men with guns to restrain the hackers and imprison them.

He added that the new bill “cuts red tape for banks and credit unions,” ensuring “law enforcement still has the tools they need to do their job.”

While the move was publicly blessed by Ethereum co-founder Vitalik Buterin, who wished Feist luck in his new job, other members of the crypto community were far less enthused.
