Crypto sentiment drops to six-month lows

The November election will determine whether CalPERS continues its current approach of indirect crypto exposure or potentially opens discussions about direct digital asset investment.

"I do see the dollar and the other reserve currency governments' bad debt situations as threatening to their appeals as reserve currencies and storeholds of wealth, which is what has been contributing to the rises in gold and cryptocurrency prices," he said.

This article provides insights into how Grok 4 can be used for research in crypto trading.

Meanwhile, a new variant of XCSSET has emerged that can take screenshots, record what a user is doing, and steal data from their Telegram account.

This technological progress has fueled the continued adoption of stablecoins, fiat-pegged digital tokens that can move across the internet without relying on traditional payment rails. The report cited \$9 trillion in stablecoin transactions over the past 12 months — an 87% increase from the previous year.
