The sharp increase reflects HMRC's growing focus on crypto-related tax compliance. Over the past four years, the agency has sent more than 100,000 such letters, with activity accelerating as crypto adoption and asset prices surged.

Decentralized applications (DApps) are changing the way we interact with the Internet. Unlike traditional applications, DApps run on blockchain networks, do not rely on centralized servers, and feature decentralization, openness, and immutability. Currently, DApps are mainly concentrated in games, finance, social media, and other fields, providing users with brand new experiences. Although the development of DApps still faces challenges such as user experience, performance, and scalability, with the continuous advancement of technology, we

believe that DApps will become an important part of the future Internet.

Wallets tied to Chen Zhi, a Chinese and Cambodian national allegedly at the center of a global pig butchering crypto scam network, moved nearly \$2 billion worth of Bitcoin from wallets recently sanctioned by the U.S. Treasury Department to new addresses, according to analysis from Arkham Intelligence.
