Leverage fingerprints: Funding, OI and liquidation cascades

This is the latest in a long line of campaigns specifically targeting crypto developers.

With Grok 4, you can automate the first round of filtering — for example, summarizing white papers, spotting tokenomics red flags and checking liquidity. By the time you get to manual research, you are already down to the 10% of projects that actually deserve your attention.

VC participation remains necessary to bring the “progressive decentralization” needed to achieve a “secure global information infrastructure,” explained Lubin.

“No Kings” protests sweep the US

Flag and pennant patterns form after sharp price moves. Flags appear as small, parallel channels, while pennants look like compact triangles. Both signal brief pauses before the prevailing trend continues.
