Coinbase conducted an institutional investor survey with 124 respondents, finding that 67% of institutional investors had a positive outlook for Bitcoin

"The conventional wisdom was that the SEC was only going to allow 2X leverage going forward, but these filings suggest that it may be willing to allow more volatile products to hit the market," Roy wrote. "If they launch, these would be extremely risky funds designed for the most aggressive short-term traders."

The split extended to how candidates viewed blockchain technology versus direct crypto investment.
