DeepSearch helps you go from a noisy tweet storm to a consolidated set of primary documents: white papers, token contracts and press releases.

The first, as is highlighted in Craig's film, is that it is incredibly difficult to build code that is robust enough to regulate human behavior in the range of circumstances it is likely to encounter. This issue comes from a mismatch between the rigid logical nature of code and the fluidity of human behavior.

Since then, North America has become the most dominant player in the Bitcoin mining space.
