Both packages have now been removed and cannot be downloaded, meaning they no longer pose a risk to developers.

“DeFi adoption patterns reveal an even more dramatic shift,” Chainalysis said, referring to Russia’s DeFi activity surging eight times its previous levels in early 2025.

Crypto price charts visually represent price movements across different timeframes, providing insights into trends, volatility and trading opportunities. In a fast-paced crypto market, open-high-low-close (OHLC) data enables investors to

track price changes within specific periods, forming the core of technical analysis.

"Large banks have shown they'll restrict access for political reasons, targeting industries & individuals they disagree with, including gun manufacturers, digital assets, churches, & even @POTUS," Lummis tweeted while sharing the letter.

"We can build, or architect, or code cyberspace to protect values that we believe are fundamental. Or we can build, or architect, or code cyberspace to allow those values to disappear. There is no middle ground. There is no choice that does not include some kind of building. Code is never found; it is only ever made, and only ever made by us."

Treasury initially published the request in the Federal Register in August.
