Chart patterns are shapes formed by price movements that help traders anticipate future market trends. These patterns fall into two main categories: reversal

patterns, which signal that a current trend may change direction, and continuation patterns, which suggest the trend will likely resume after a brief pause. They stem from market psychology, where emotions like fear, greed and uncertainty drive collective trading behavior and create recognizable shapes on charts.

High-end brands and luxury car dealerships are also entering the crypto payment space. For example, Post Oak Motor Cars in the US accepts Bitcoin for buying super-luxury cars via BitPay. In Europe, platforms like BitCars have built a crypto-only marketplace for premium and classic vehicles.

In 2024, officials sought to address the country's debt by raising money through taxes, including a 16% sales tax on bread and 25% tax on vegetable oil. As protests broke out, some groups urged citizens to begin using crypto as a way to bypass what they saw as unfair taxation.
