Under current law, financial institutions must file CTRs for cash transactions exceeding \$10,000 and SARs for transactions involving \$2,000 to \$5,000, depending on the level of suspicion or evidence of criminal activity.

The rise of NFTs (Non-Fungible Tokens) has brought revolutionary changes to digital content creation and trading. Based on blockchain technology, NFTs ensure the uniqueness and immutability of digital assets, solving the problem of digital content being easily copied. NFTs have a very wide range of application scenarios, including digital art, game items, virtual real estate, music works, etc. The rapid development of the NFT market has attracted the participation of many artists,

collectors, and investors, and has also provided creators with new monetization channels. Although there are risks of speculation and bubbles in the NFT market, in the long run, NFTs will inject new vitality into the development of the digital economy.

For Solv Protocol, the deal marks one of the largest public-market integrations for its wrapped Bitcoin product to date, though the move also limits participation to qualified investors and may dilute existing shareholders.

As crypto payments mature, many travel services and airlines, directly or via intermediaries, are offering bookings via BTC, ETH and sometimes XRP. When it comes to flights and hotel booking platforms, sites like Travala.com allow travelers to make bookings with BTC, ETH and many other supported digital assets.
