In August, Consenys founder Joseph Lubin said that Ethereum will “surge by 100 times and flip Bitcoin as a “monetary base.”

South Korea’s Financial Intelligence Unit has approved Binance’s majority stake acquisition of GOPAX, ending a regulatory impasse that had stifled its return to the Korean market for over two years.

Sports betting commanded the highest share at \$414.7 million last week, surpassing political markets despite election-related activity.

The export controls prompted US President Donald Trump to announce additional 100% tariffs on China, and revealed that China “has a lot more leverage than a lot of the Western commentators are admitting,” Gromen said. He added:

Sean Dawson, head of research at Derive, told Decrypt the bearish hedging is concentrated on specific price targets and timeframes.

As the first successful application of blockchain technology, cryptocurrencies have gone through more than ten years of development. From the initial Bitcoin to the current wide variety of tokens, the cryptocurrency market has experienced multiple booms and busts. Nevertheless, the ideas of decentralization and disintermediation represented by cryptocurrencies are profoundly influencing the traditional financial system. More and more institutional investors are beginning to pay attention to and participate in the cryptocurrency market, and governments of various countries are also actively exploring regulatory frameworks for cryptocurrencies to promote their healthy development.
