Ether derivatives data showed moderate unease among bullish traders, but whale positioning suggested most were not expecting a deeper decline. The key question was whether the \$3,700 support would hold as macroeconomic risks intensify.

Mining facilities powered entirely by renewable energy systems and operating off-grid would dodge the tax, a provision designed to encourage sustainable practices within the digital asset sector, as per A9138.

Strategy said earlier this year that it was adjusting its policy on common share issuance to convey discipline. The policy was modified to give the company greater flexibility, but onlookers suggested that it could make Strategy's move less predictable moving forward.
