Although Galaxy's business focuses on financial services and asset management, the company is also engaged in data center infrastructure. The firm said it remained on schedule to deliver power to AI cloud computing platform CoreWeave in the first half of next year.

Addressing the reasons behind the dip, Stahel pointed to the growing fear of missing out (FOMO), as “gold frenzy” momentum built up amid investors increasingly seeking exposure to gold equity, physical gold bars and tokenized gold.

He added that ETF flows could be a strong predictor of whether Bitcoin manages to escape a Red September—even if it did just see a Red August. A month (or any other period time) is considered red if an asset ends at a lower price than it started.

"Bitcoin was easy because it's the gold standard for crypto," the continued. "We believe Trump coin is undervalued, considering that it's the coin backed by the President of the United States, who is not only popular in the United States but a global figure respected and followed all over the world."

A representative for the company did not respond to Decrypt's request for comment on Dorsey's comment, which Ardoino did not respond publicly to.

Sean Dawson, head of research at on-chain options platform Dervie, told Decrypt that options traders are making bullish bets for the September 26 expiry, evidenced by a build-up of open interest at the \$120,000, \$130,000, and \$140,000 strikes.
