The company said SearchGPT is currently available as a prototype to 10,000 test users at launch. The service is powered by the GPT-4 family of models.

"The addition of licensed NHL markets could accelerate the platforms' growth trajectory in Q4, as official league partnerships bring credibility and attract new users," Jamie Elkaleh, chief marketing officer at Bitget Wallet, told Decrypt.

He said it's reasonable to expect the Financial Conduct Authority to "proceed deliberately" by monitoring market conduct and retail outcomes before "broadening issuer participation" and considering additional crypto assets "in close alignment

with other major financial centres."

High-end brands are also joining in: Gucci and Ralph Lauren have continued to expand their crypto payment options at select flagship stores, particularly for their more exclusive collections.

Machine learning has been used to detect crypto malware targeting users of bitcoinlib, a popular Python library for making Bitcoin wallets.

The competition began with \$200 in starting capital for each bot before increasing to \$10,000 per model, with trades executed on decentralized exchange Hyperliquid.
