The company has since closed its Minnesota headquarters, suspended most of its global services, and begun winding down its operations.

But despite the optimism around BNB, the world's largest crypto exchange by trading volume has faced backlash from users in recent weeks over its performance during the market crash.

Without real demand, any breakout attempt might lack the strength required to push ETH above key levels.

Have retail investors “given up” on Bitcoin?

AI chatbots DeepSeek and Qwen3 Max, both developed in China, led the ongoing crypto trading experiment on Wednesday, with the former being the only AI model to generate a positive unrealized return of 9.1%.

By using trusted custodians, a diversified network of validator partners and transparent reporting, Grayscale has established a secure and compliant way for investors to participate in staking. It has turned staking from a complex, retail-oriented process into a professional investment opportunity.
