## Comprehensive Guide to binance sub account requirements

The UK's Financial Conduct Authority (FCA) is ramping up its push to police the crypto industry, issuing warnings to unregistered exchanges and seeking legal action against companies serving UK residents or promoting digital assets in the country.

Finally, enforce safety and governance. Given moderation issues and risks of single-source reliance, set a hard rule that no Grok-generated signal can directly trigger live trades without external verification. Multiple independent checks should always precede capital deployment.

On Myriad, a prediction market created by Decrypt's parent company Dastan, users are still skewing pessimistic about which price milestone Bitcoin hits next: \$125,000 or \$105,000. The odds flipped several times in August, but now show that 65% of users think Bitcoin will drop to \$105,000 before it rallies above its all-time high.

Outside of purely financial plays, it has made several moves that display a firm conviction in the crypto community. It submitted an amicus brief in support of Tornado Cash co-founder Roman Storm and hired respected blockchain sleuth ZachXBT as an adviser to fund research and help protect its VC companies.

He believes this outlook bodes well for a sustained rally through the year's end, noting that "historically, October through December are the most active and bullish months for Bitcoin."

A representative for the company did not respond to Decrypt's request for comment on Dorsey's comment, which Ardoio did not respond publicly to.
