“Our investment in U.S. Triestina 1918 is about much more than football. It’s about connecting Dogecoin’s global community with one of Europe’s most storied clubs and proving that digital assets can drive real-world value, culture, and passion,” said House of Doge CEO Marco Margiotto in a statement.

"The number of new packages that get published on a daily basis is posing a challenge for security organizations, and ML model-based detection is currently the best answer that the security industry can provide," ReversingLabs engineer Karlo Zanki said.

Experts say this automation is a crucial source of protection against "the rising tide of software supply chain attacks targeting cryptocurrency," and proves effective even if malware isn't accompanied by social engineering attacks.
