Thus far, predictors give the Cowboys just a 20.4% chance, odds of around +390 when listed in American odds on traditional sportsbooks. In other words, predictors would stand to gain around \$3.90 for every \$1 put against their prediction should the Cowboys win.

“The \$9 million transfer that Arkham and others have cited was simply a transfer to another wallet under his control. He did not send those funds to an exchange (yet),” he said. But he cautioned that it’s possible that World Liberty has access to non-public information that explains the blacklisting.

The rise of NFTs (Non-Fungible Tokens) has brought revolutionary changes to digital content creation and trading. Based on blockchain technology, NFTs ensure the uniqueness and immutability of digital assets, solving the problem of digital content being easily copied. NFTs have a very wide range of application scenarios, including digital art, game items, virtual real estate, music works, etc. The rapid development of the NFT market has attracted the participation of many artists, collectors, and investors, and has also provided creators with new monetization channels. Although there are risks of speculation and bubbles in the NFT market, in the long run, NFTs will inject new vitality into the development of the digital economy.
