Waller said updates on the potential implementation of his “skinny” master account plan will be coming soon, with the Fed conducting outreach to interested stakeholders.

Musk is well known for pumping the value of O.G. meme coin Dogecoin with his comments, but his social media posts have also moved the needle for Floki in the past.

Grayscale’s staking-enabled ETPs have had a significant impact on Wall Street and the broader crypto ecosystem. It connects blockchain-based yield with regulated financial products, turning crypto ETPs from simple price trackers into

income-generating assets. The initiative marks a key advance in institutional adoption. Regulated staking on Ethereum and Solana could draw substantial new capital to these networks while acting as a model for products linked to other PoS blockchains or tokenized assets.

Meanwhile, OpenAI has also partnered with various publishers to enhance the content and accuracy of SearchGPT. These partnerships allow OpenAI to provide current information along with clear, in-line attribution and links to original sources. Notable partners include News Corp and The Associated Press.

A business cycle downturn is a period of economic contraction where GDP declines, unemployment rises, consumer spending falls, and business activity slows. It is also commonly referred to as a recession and typically follows periods of expansion.

However, the catastrophic losses of models like Gemini highlight the significant risks that make financial institutions wary. A primary concern is the "black box" nature of these systems, where the reasoning behind a trade is often opaque and unexplainable. This lack of transparency is a major hurdle for regulatory compliance and risk management, as establishing trust in a model's decisions is a critical and ongoing effort.
