Derivatives often flag trouble early. When funding rates swing sharply positive (longs paying shorts) and open interest (OI) builds near resistance, positioning becomes crowded: the perfect setup for a squeeze in the opposite direction.

The film uses the human angle to frame a debate that was prevalent at the time. When an attacker takes money from a smart contract, relying on the contract's internal logic to obtain tokens outside of the creator's intention, is that wrong? Should the attacker be censured, legally or otherwise, or is this simply fair play?
