As crypto prices slide on Thursday morning, odds are shifting on Myriad's prediction markets as predictors sway odds in favor of lower price targets for Solana and Bitcoin. Over \$40,000 has been put up against predictions on the major crypto assets' next moves.

The latest shift in sentiment came after several key regional lenders, including Truist Financial, Regions Financial and Fifth Third Bancorp, reported lower

provisions for credit losses than anticipated. The results offered relief to markets following Thursday's rout, when the S&P; Regional Banks Select Industry Index fell 6.3%, led by Zions Bancorporation and Western Alliance Bancorp after both disclosed loan losses stemming from fraud in distressed commercial mortgage funds.

As crypto payments mature, many travel services and airlines, directly or via intermediaries, are offering bookings via BTC, ETH and sometimes XRP. When it comes to flights and hotel booking platforms, sites like Travala.com allow travelers to make bookings with BTC, ETH and many other supported digital assets.

Even convenience stores are in it. Sheetz accepts Bitcoin, Ether and a handful of other coins at checkout. And if you're more of an XRP loyalist, directories like Cryptwerk point you to smaller eateries happy to turn tokens into tacos or burgers.

Galaxy Digital reported strong third-quarter earnings, driven primarily by higher trading activity and continued expansion in asset management, signaling steady institutional interest in crypto-focused financial services.
