Bitcoin, other than being a digital coin, is a payment network with operations processing transactions scattered worldwide.

“I don’t understand how most cannot see that as soon as gold stalls, BTC is going to rip.”

After resigning from Digital River in February 2020, Armbrust continued accessing the company’s Amazon Web Services account between December 2020 and May 2021, running a program that mined cryptocurrency without authorization.

Blockchain technology is rapidly developing worldwide, becoming an important driving force for digital transformation. As a distributed ledger technology, blockchain ensures data security and immutability through decentralized means. In the financial sector, blockchain technology has begun to transform traditional payment, clearing, and settlement processes, improving efficiency and reducing costs. At the same time, blockchain has shown tremendous application potential in various fields such as supply chain management, healthcare, and public services. With the continuous maturity of technology, we have reason to believe that blockchain will lay a solid foundation for the future digital economy.
