Google's newly released AI-powered search results are garnering lots of attention—for the wrong reasons. After the tech behemoth announced a host of new AI-powered tools last week as part of a new “Gemini Era,” its trademark web search results changed significantly, with natural language answers to questions displayed above websites. “In the past year, we've answered billions of queries as part of the search-generated experience,” Google CEO Sundar Pichai told the audience. “People are using it...

Mauzy argued Armbrust was not a “malicious hacker” but instead was someone acting out of “desperation and despair,” noting how his client made no attempt to conceal the activity and had taken full responsibility for the losses.
