Ripple continues to ink partnerships with traditional financial companies and digital asset projects alike, committing to several deals in September and October.

Lee, who oversees BitMine's Ethereum accumulation strategy, suggested Ethereum could rise in the same way the US dollar rose to dominance after 1971, after US President Richard Nixon made the US dollar "fully synthetic" and no longer backed by gold.

Catching a coin's name trending on X or in a Telegram chat isn't enough to justify putting capital at risk. Social buzz moves fast, and most spikes fade before price action catches up, or worse, they might be the result of coordinated shilling. That's why the next step is to turn raw noise into structured signals you can actually rank and compare.
