Mitchnick told Bloomberg that many early adopters now prefer the convenience of managing their holdings through established financial institutions while retaining exposure to Bitcoin's price movements.

The post has led to feverish speculation surrounding the Floki meme coin, with many hoping that history will repeat itself and that Musk will continue to post about Floki.

"Since market makers are net long gamma," an increase in Bitcoin's price will most likely be dampened by hedge selling, Dawson said. Similarly, price drops will also be minimized as dealers would be forced to buy to hedge their positions.
