Tempo is still in the works and will be a stablecoin and payments-focused L1 with Stripe essentially being in control of the network. Its ethos marks a stark contrast to Ethereum's decentralized and open-source nature, given that it will be a corporate-controlled chain.

Bull market has room to run

“While differentiating between this content is a technical challenge for search engines, we’re making ongoing improvements to better surface legitimate content and downrank explicit fake content,” Google said. In regards to CSAM, the Google spokesperson said the company takes this subject very seriously and has dedicated an entire team specially to combat this illegal content.
