Authority is the emergent product of differing capacities for violence among individuals and groups. This gradient of violence gives rise to coercion, where the possessors of violence impose rules on subjects. And code, while dictating internal rules within its own logic, has no monopoly on violence in the world writ large.

They warned that if the shutdown continues, its impact could extend from liquidity to structural trust in the US system. “The market’s next move may depend on whether the nation’s political institutions can restore consensus amid deep division,” they said.
