"Creating Tilly has been, for me, an act of imagination and craftsmanship, not unlike drawing a character, writing a role, or shaping a performance," she said. "She represents experimentation, not substitution."

"The short-term trend—that began with the big liquidation event earlier this month—is down and traders might want to test the technical support in the \$100,000 and \$3,800 levels for BTC and ETH several times before there's either a sustainable rebound or a sharper move lower," he said.

The exchange has now called for establishing regulatory safe harbors under the Bank Secrecy Act for firms responsibly deploying AI to improve compliance programs, with conditions focusing on governance and outcomes rather than forcing a one-size-fits-all model.
