Some 31% of U.S. holders bought meme coins before going after other larger cap assets. Australian meme coin buyers ranked second for the same stat by a narrow margin.

Analysts remain wary of digital assets' future price path as markets reckon with a re-escalation of the Trump administration's global trade war, inflation and economic worries, and other macroeconomic uncertainties. "It's likely too early to tell if this is the bottom though as wider markets are choppy, particularly gold," James Butterfill, global head of research at crypto asset manager CoinShares told Decrypt.
