The licensing agreements arrive as prediction markets hit record-breaking growth, with weekly trading volume climbing past \$2 billion for the first time.

The introduction of Google's AI summaries has raised huge red flags for web publishers, however, as users are less likely to visit their sites if the information is extracted and provided up front. The issue is compounded by AI's tendency to hallucinate, and even provide dangerous answers based on flawed sources.

“This is a first step in bringing the spirit of Dogecoin directly into the fabric of the world’s game,” he added.
