In early July, Mt. Gox wallets began moving Bitcoin as the exchange prepared for creditor repayments under the civil rehabilitation plan. Markets initially feared that recipients would immediately sell. Bitcoin dipped again after Kraken, one of the exchanges handling distributions, announced on July 24 that it had completed its process.

By using trusted custodians, a diversified network of validator partners and transparent reporting, Grayscale has established a secure and compliant way for investors to participate in staking. It has turned staking from a complex, retail-oriented process into a professional investment opportunity.
