A Newsmax spokesperson told Decrypt that the purchases will be made from its capital funds, and that the company was inspired by other movers in the treasury space.

Financial services, remittances and institutional adoption

"We must collectively govern the integration of transformative tools like AI, which, powered by the immutable transparency of the blockchain, can finally move AML past the problem of low-value, static data," Fabiano said, calling the evolution "an opportunity, not a constraint" essential to securing a credible, compliant financial ecosystem.

In Europe and the US, major fast-food chains like Subway and Burger King continue to accept crypto payments, often through third-party gift card services or payment processors. While not a direct, in-house integration for every location, it's a simple way for consumers to spend their Bitcoin.
