Lately, however, that decision has moved from tactical to strategic. Beyond developers deciding between ecosystems, big companies are now building their blockchains from scratch. And when the companies doing it are Stripe, Coinbase or other giants with deep regulatory and distribution advantages, the L1 stops being a neutral playing field and starts looking like a moat.

However, in response, “Wall Street created products that made the dollar dominant, and the market cap of equities today is 40 trillion compared to 2 trillion for gold,” he said.
