This article provides insights into how Grok 4 can be used for research in crypto trading.

The bank based the bullish outlook on geopolitical tensions, economic uncertainty, and a weaker US dollar, which it said would keep demand strong.

The union criticized the creation, saying that it “has no life experience to draw from, no emotion.”

He believes this outlook bodes well for a sustained rally through the year's end, noting that “historically, October through December are the most active and bullish months for Bitcoin.”

Did you know? Candlestick charts originated in 18th-century Japan, where they were first used to track rice trading, long before making their way into modern crypto markets.
