The BFB is a public-private partnership between the government of Bahrain and tech companies focused on incubating financial technology startups.

"At this point, it's too early to tell whether the demand for HPC will meet lofty expectations," he wrote. "We remain focused on infrastructure that keeps bitcoin mining competitive, helping clients secure power-ready sites, interconnection, and long-duration energy, with the flexibility to repurpose assets for HPC if and when demand matures."

The film uses the human angle to frame a debate that was prevalent at the time. When an attacker takes money from a smart contract, relying on the contract's

internal logic to obtain tokens outside of the creator's intention, is that wrong? Should the attacker be censured, legally or otherwise, or is this simply fair play?

Miller attempted to reconcile this apparent contradiction, saying "investing in a business that's working with Bitcoin transactions is a very different game than direct investment in buying Bitcoin."

But there's other big market players to consider, like Bitcoin treasury companies, according to Rick Maeda, a research analyst at Presto Research. He's especially interested in ones like Japan's Metaplanet, which has sworn off ever selling its BTC stash.

Railbird is a Commodity Futures Trading Commission-regulated predictions market platform, which DraftKings acquired for an undisclosed amount on Tuesday.
