“For this year’s analysis, we’ve reorganized our regional classifications to better reflect both current crypto activity and geopolitical realities,” Chainalysis said.

Stadelmann dismissed the idea that open banking offers genuine openness, calling it “a facade all along,” and argued that it’s “clever marketing,” with open banks “no different from big banks at the end of the day” and just as likely to weaponize their systems as seen during Operation Choke Point.

“Such a system would maintain or strengthen law enforcement capabilities while obviating the existing broad and costly financial surveillance regime,” he said.

The US dollar’s hegemony is over, as evidenced by China’s recent announcement of export controls on rare earth minerals, a critical component in electronics manufacturing and military defense applications, according to analyst Luke Gromen.
