Nasdaq-listed Bitcoin mining company CleanSpark's shares soared over 13% on Monday, after the company announced a strategic expansion into artificial intelligence.

Authority is the emergent product of differing capacities for violence among individuals and groups. This gradient of violence gives rise to coercion, where the possessors of violence impose rules on subjects. And code, while dictating internal rules within its own logic, has no monopoly on violence in the world writ large.

The index combines three components to capture overall market psychology: the Fear & Greed Index (reflecting macro mood and volatility), CoinGecko's up/down votes (reflecting retail sentiment) and a rolling normalization layer that aligns both in a one-year window.
