"Bitcoin was easy because it's the gold standard for crypto," the continued. "We believe Trump coin is undervalued, considering that it's the coin backed by the President of the United States, who is not only popular in the United States but a global figure respected and followed all over the world."

Carrone added that while Paradigm's hiring of key Ethereum researchers and funding of open source libraries that are "critical to Ethereum" looks good on the surface, it's not for those who think that Ethereum should represent a "philosophical and political" movement that is "larger than any corporation."

Flag and pennant patterns form after sharp price moves. Flags appear as small, parallel channels, while pennants look like compact triangles. Both signal brief pauses before the prevailing trend continues.

The character, developed by comedian and technologist Eline Van der Velden—who spun off Xicoia from her production company Particle6—was unveiled last week at the Zurich Summit during the Zurich Film Festival in Switzerland, and immediately drew online attention. Van der Velden said multiple talent agents are already interested in signing the artificial personality.

The U.S. government is spending more money than it's taking in, while servicing enormous amounts of debt. And as the government borrows more to cover budget shortfalls, while managing its existing burden, creditors could eventually cause trouble, Dalio said.

In response to an X user's question, he also agreed that in the short term the chains from large financial giants could help mainstream adoption.
