Uniswap adds Solana support on web app in \$140 billion opportunity

“So as we move dollars onto the blockchain, which is stablecoins, we’ll move stocks and real estate,” he said.

He believes this outlook bodes well for a sustained rally through the year's end, noting that "historically, October through December are the most active and bullish

months for Bitcoin.”

By contrast, Grok's strong performance implies that a powerful, general-purpose AI may be capable of successfully navigating markets on its own—a potentially disruptive development for the entire industry.

"BTC's appeal as a safe haven is not only becoming more visible but also more deeply rooted—growing at the same time that confidence in traditional institutions continues to erode," FRNT Financial Head of Data and Analytics Strah Savinja told Decrypt.
