Authority is the emergent product of differing capacities for violence among individuals and groups. This gradient of violence gives rise to coercion, where the possessors of violence impose rules on subjects. And code, while dictating internal rules within its own logic, has no monopoly on violence in the world writ large.

“This doesn’t mean the end of alt season,” said Gregory, though he issued a note of caution. While a rotation into altcoins is still on the table, Gregory believes that Bitcoin's declining bullish momentum may lead to a “bear trap that could flush out more leverage” before the market resumes its ascent.

This conservative approach effectively took it out of the running for major gains, but also protected it from the significant downturns experienced by some of its rivals, positioning it as a more stable, if unprofitable, participant. Meanwhile, Claude Sonnet was comfortably in third place among the six contenders.

Miller attributes this to the Australian “larrikin spirit” at work: a cultural disposition toward irreverence and play, though one that some might read as proof of the market’s immaturity.
