Publicly traded media company Newsmax is creating a digital assets treasury centered on Bitcoin and President Donald Trump's meme coin, which trades as TRUMP on Solana.

It is not clear which incidents were formally organized by the group and which are the result of other people jumping on the bandwagon.

However, he emphasized that it is still a “working theory” and that he remains a Bitcoin bull.

"We're testing SearchGPT, a prototype of new search features designed to combine the strength of our AI models with information from the web to give you fast and timely answers with clear and relevant sources," OpenAI said in an official blog post.
