A bull trap occurs when the price breaks above resistance, drawing buyers in before reversing lower, leaving late longs caught in losing positions.

That said, Grok 4 is an insights tool, not a safety net. Recent incidents around moderation and response behavior mean you must validate outputs with independent sources. That's why you should ideally treat Grok 4 as a rapid investigator, not as the final arbiter.

"The updated guidance should further encourage the sharing of information relevant to potential illicit activities routed through blockchains, while being careful not to overimpose recordkeeping obligations on everyone involved in a blockchain transaction," Grewal added.
