"We have hashing technologies, where we have the ability technologically to detect CSAM proactively," the spokesperson said. "That's something that's sort of an industry-wide standard, and we're able to block it from appearing in search."

U.S. Triestina 1918 plays in Serie C, Italy's third-highest division of professional soccer. The club is currently in last place, and was recently assessed an administrative penalty that deducted 13 points from its standings.

However, investors and companies are seeking to get ahead of the problem by urging the adoption of post-quantum cryptography standards before a sufficiently powerful quantum computer emerges.

The increased seven-day hash rate comes as miners wrestle with rising energy costs and lower rewards. After last year's halving, the payoff for miners is 3.125 bitcoin, down from 6.25 previously.

To that point, Dalio said that deregulation isn't a threat to governments' use of fiat currencies in stabilizing economies or facilitating international trade. It is rather unhealthy debt levels, he said, that are eroding the status of currencies like the greenback across several sovereigns.

Sumit Roy, senior ETF analyst for ETF.com, told Decrypt that traders may not be finished unwinding their positions, although prices could also rally.
