Defense attorney William J. Mauzy said Armbrust's actions took place "during a time of extreme financial need and considerable emotional distress," as he cared for his ailing mother, who has since died.

In Europe and the US, major fast-food chains like Subway and Burger King continue to accept crypto payments, often through third-party gift card services or payment processors. While not a direct, in-house integration for every location, it's a simple way for consumers to spend their Bitcoin.

Creditors will sell U.S. debt as they grow worried about its ability to function as a store of value, he said. That will likely put the Federal Reserve in a tough position,

Dalio added, where it has to decide between rising interest rates and a debt default crisis or printing money to buy debt and “try to hold real interest rates down, which will lower the value of money.”

"If there were to be a material flight from the banking system, I would be taking action," Gould said, noting that "highly elected officials" and trade associations would also intervene.

The technique, called “EtherHiding,” emerged in 2023 and is typically used in conjunction with social engineering techniques, such as reaching out to victims with fake employment offers and high-profile interviews, directing users to malicious websites or links, according to Google.

“While differentiating between this content is a technical challenge for search engines, we’re making ongoing improvements to better surface legitimate content and downrank explicit fake content,” Google said. In regards to CSAM, the Google spokesperson said the company takes this subject very seriously and has dedicated an entire team specially to combat this illegal content.
