If the price breaks above resistance while funding spikes and OI balloons, treat the breakout as suspect until the level is retested and holds. After the initial pop, healthy signs include funding cooling off and OI rebuilding on the retest. If, instead, open interest unwinds and price slips back below the level, the breakout likely failed.

“The updated guidance should further encourage the sharing of information relevant to potential illicit activities routed through blockchains, while being careful not to overimpose recordkeeping obligations on everyone involved in a blockchain transaction,” Grewal added.
