The film uses the human angle to frame a debate that was prevalent at the time. When an attacker takes money from a smart contract, relying on the contract's internal logic to obtain tokens outside of the creator's intention, is that wrong? Should the attacker be censured, legally or otherwise, or is this simply fair play?

In a note shared with Cointelegraph, Bitunix analysts said the "political turmoil is not merely a clash between public sentiment and authority but a stress test of institutional confidence."
