Strategy stock (MSTR) gained 2% on Friday, ending the trading session at \$289.87. However, it has fallen 39% since its all-time high closing price of \$473.83 in November 2024, according to Google Finance.

"The number of new packages that get published on a daily basis is posing a challenge for security organizations, and ML model-based detection is currently the best answer that the security industry can provide," ReversingLabs engineer Karlo Zanki said.

CoinShares said Monday that last Friday's panic led to only \$159 million in outflows, even as \$20 billion in positions were liquidated across exchanges. The resilience helped push total inflows for 2025 to \$48.7 billion, already surpassing last year's total.

He said that we've previously had two cycles superimposed based upon the Bitcoin halving events every four years and the M2 global money supply.
