“Thank you so much for slapping me, bro. You made a lot of our guys money, bro,” the slapped creator said, now with a buzzcut.

Dalio's latest assessment of the U.S. economy follows the passage of the GENIUS Act, a federal framework for stablecoins. Dalio said that a decline in the purchasing power of U.S. Treasuries “shouldn't produce any systematic risk” for them, if they are well regulated.

In fact, even with such a sharp correction, the overall trend could still be considered long-term bullish, with prices still trading above the 50-day EMA.

It argued that Aave's treasury had enough surplus cash to execute the buyback without compromising its operational expenses or reserves.

The campaign's gamified nature has also led to community engagement across social platforms, with participants sharing their progress, NFT achievements and referral milestones. This activity is generating continued interest in the campaign as it moves into its next phases.

It is not clear which incidents were formally organized by the group and which are the result of other people jumping on the bandwagon.
